Power sensitive electronics!

GT Power 2000W Electric Start Inverter Generator

#GT2100ESi

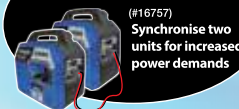

With 2000W maximum output and compact design, this single phase 230V generator is ideal for camping or household backup power.

- 2000W (max) 1700W (cont.)
- Push button electric start and EZ recoil backup makes starting effortless
- 4-stroke Powerdyne, air cooled, OHV industrial engine
- 1x15A, 230V outlet & 1x8.3A, 12V outlet with bonus USB adapter
- Optional parallel function increases power while maintaining the flexibility and convenience of compact design
- 4L tank for up to 7 hours run-time (load dependent)
- Whisper quiet - only 51dB!
- Highly portable and compact - under 20kg!
- Featuring Eco mode button for efficient running
- Wireless remote starting - use from 50m away (max)
- Ideal for safe powering of sensitive electronics.

140A MMA Inverter Welder

#WT141ARC

The WT141ARC, 140A Inverter MMA Welder incorporates cutting edge electronics to help you weld like a pro on home, workshop and on-site projects

- Weld up to 8mm steel thickness
- Only 3.2kg super lightweight and portable
- Cutting edge IGBT technology ensures ultimate reliability
- MMA duty cycle 140A@10%, 70A@60%, 100A@55%
- 18 month warranty with product registration.

200A Gas/Gasless Inverter MIG Welder

WT200MP

Weld like a pro in the workshop or on home projects with this powerful 200A MIG/ARC welder. Infinitely variable controls and IGBT inverter technology make setup a breeze. 15kg spool capable and optional spool gun means the WT200MP is extremely versatile, welding nearly all materials

- Lightweight and robust construction - only 13kg
- Inductance control
- Lift TIG function
- 60% duty cycle @ 160A
- 3m Euro connect torch with arc & earth leads and regulator included
- 18 month warranty.

Multiprocess MMA/TIG/Plasma Cutter

WT4015MP

Revolutionary new 3-in-1 multiprocess welding machine. ARC or TIG weld mild and stainless steel, or cut material up to 10mm thick all with the same machine!

- 150A DC TIG and MMA, 40A plasma cutter
- Switchable VRD protection
- Quick connect inlet fittings for easy switching of gas or compressed air
- Heavy duty steel casing with front panel protection
- Adjustable post flow for increased tip / nozzle life
- Convenient digital controls and display with air regulator and gauge
- Complete with 6m torches and earth clamp ready to go
- 15A input power plug for maximum performance
- 18 month warranty.

SAVE \$100!

200A Inverter DC TIG Welder

ADVANCETIG200

Program saving function and pulse TIG/MMA processes make this machine the tool of choice for serious engineers who want to save time and money. Adjustable amps, pulse, duty and frequency means you can achieve and save the perfect job setting - up to 10 different jobs!

- PFC technology for next generation performance
- Super lightweight only 9kg
- Wireless foot control capable
- Multi-voltage Input, great for use extension leads
- Real time digital displays
- Voltage spike & generator safe
- 2T/4T trigger control great for longer welds
- 3 year warranty (with product registration).

NOW ONLY
\$1485 +gst
(\$1707.75 incl. gst)

SAVE \$165!

200A AC/DC Inverter Pulse TIG Welder

EZITIG205ACDC

AC/DC function allows for a wide variety of jobs including mild and stainless steels and aluminium. Pulse function produces professional results for cosmetic welds.

- A durable and reliable machine with lightweight and compact design, ideal for portable applications
- Lift TIG and HF start modes for versatility when welding around sensitive electronics
- TIG and MMA weld with adjustable arc force, hot start and anti-stick control
- Spot welding function with 2T/4T trigger control
- Designed to work with generator power supply with protection from power surges
- 60% @ 140A duty cycle
- Only 7kg!
- 3 year warranty (with product registration).

320A Inverter AC/DC HF Pulse TIG/MMA Welder

ADVANCETIG320ACDC

The ADVANCE TIG series are at the top of their class featuring state-of-the-art IGBT technology. Results speak for themselves, achieved with top level features such as adjustable arc force, AC wave and a program saving function. This machine is designed tough to last in rugged NZ workshops and onsite tasks.

- IGBT module inverter technology for smooth & stable output, increase reliability and high duty cycle (60% @ 320A)
- Damage resistant industrial casing
- Lightweight and compact design - 25kg
- High quality & over specified electronic components for durability & reliability
- Optional watercooler and trolley available
- 3 year warranty (with product registration).

NOW ONLY
\$3465 +gst

SAVE \$385!

200A Inverter MIG/MMA Welder

EZIMIG200

All new IGBT inverter technology takes the effort out of welding. With a MIG/ARC function, arc force adjustment and 4 roller drive making the EZIMIG the weapon of choice in workshops and on-site environments.

- Lightweight and compact design ideal for portable applications - only 20.5kg
- 4 roll geared metal wire feed unit for powerful and smooth wire feed
- Realtime digital display
- Voltage spike & generator safe
- Ready to weld with leads & MIG torch
- 2 year warranty (with product registration).

NOW ONLY
\$1785 +gst
(\$2052.75 incl. gst)

SAVE \$195!

200A MIG/MMA/TIG Inverter Welder

EZIMIG205

IGBT inverter technology increases reliability while maintaining smooth and stable welding output. MIG, TIG and MMA functions and a heavy duty integrated trolley design allow users convenience and flexibility, making it ideal for industrial use.

- Extreme stress tested to 440V
- IP23 moisture and salt spray protection
- Single phase machine
- MIG duty cycle 145A@60%.
- Comes with ARC leads, earth leads, MIG torch, argon regulator and gas hose
- 3 year warranty (with product registration).

NOW ONLY
\$1995 +gst
(\$2294.25 incl. gst)

200A Inverter MIG/MMA Welder

#WT205MIG

Cutting edge IGBT inverter technology with smooth, stable welding output and overload protection make this a reliable welder. Electronic inductance control ensures splatter reduction and great weld bead shape. A heavy duty integrated trolley with lifting points, making it easy and convenient to move around.

- Digital microprocessor control system with superior & dynamic arc characteristics
- Suitable for MIG brazing with bronze wires. Optional spool gun available for aluminium.
- Dual Digital Display Meters Accurate pre-setting and display of welding parameters
- Reversible polarity MIG welding operation suitable for gas & gasless MIG welding.
- 2T/4T trigger control.

500A Three Phase MIG/ARC Inverter Welder

ADVANCEMIG500PACK

State of the art synergic technology with full operational controls on the remote wire feeder makes this model a breeze to operate. Rich in features including a 4 roll wire feeder and integrated protection systems mean this 3 phase machine is top of the class in performance, reliability and user satisfaction.

- With damage resistant industrial casing and front panel protection this machine is designed for heavy work day in and day out.
- Complete with heavy duty industrial welding trolley, watercooler unit and water-cooled wire feeder.
- 3 year warranty (with product registration).

NOW ONLY
\$6595 +gst
(\$7584.25 incl. gst)

250A MIG/MMA/TIG Inverter Welder

ADVANCEMIG255

The ultimate single phase synergic MIG welder with full LCD colour screen and save & recall function. Easy set up and operation on an incredible wide range of materials. MIG, TIG and MMA (Stick) capable - a must have for todays industrial professional.

- Heavy duty integrated trolley design with gas cylinder tray and on-board storage compartment
- MIG duty cycle 195A @60%
- Complete with ARC and earth Leads, MIG torch, argon regulator and gas hose.

NOW ONLY
\$2495 +gst
(\$2869.25 incl. gst)

Plasma

40A Inverter Plasma Cutter # EZICUT40

This easy-to-use inverter plasma cutter will cut up to 25mm steel. With digital display for ease of use and adjustable post gas ensuring a long consumable life, this machine with its robust steel case will withstand the test of time in industrial environments.

- Cuts up to 16mm aluminium
- Over and under voltage protection / spike safe
- Pilot arc start for use around sensitive electronics
- Thermal overload for safety
- 2 year warranty (with product registration).

65A Three Phase CNC Inverter Plasma Cutter

ADVANCECUT65

A tough compact 3 phase unit, with IGBT inverter technology, capable of severing up to 35mm carbon steel with CNC interface capability.

- Requires 110L/min (5 bar) compressed air supply to run.
- Lightweight at 24kg
- Automatic pilot arc system for increased cutting capability, especially for discontinuous cutting.
- Microprocessor control system for superior and dynamic arc characteristics.
- Extreme stress tested to 550V in production for rugged reliability
- 3 year warranty (with product registration).
